leaders at barlin acres

In mid-August, about 30 members of the Class of 1990 were invited to participate in a three-day leadership program at Barlin Acres. The purpose of the Leadership Institute is to build senior community, promote school spirit, and to prepare students to responsibly assume leadership positions in athletics, student government, school clubs, and peer ministry.

'89 grads Keith Fletcher, Ben Lizotte, Jeff Potter, and John Morse directed community building activities and informal discussions. Members of the faculty and administration participated in leadership workshops. In learning to support and empower one another, the seniors found the key to effective leadership.

The third annual "Big Brother Day" was conducted by the members of the Student Activities Council as well as dozens of volunteers from the Class of 1990. Seniors received the names of their "Little Brothers" during the summer, letters were exchanged, and everyone finally met on a day filled with fun and games. The Big Brother program encompasses a series of events designed to help the incoming freshmen make a smooth transition from the eighth grade to high school. September is the most active month; in addition to the Field Day and Student Fair held in the gym, there took place the Mass of the Holy Spirit, the first SAC dance and football game of the season, and the highly successful freshman Night. a new ministry

The first full year of the Campus Ministry Office at St. John's broke new ground for the school with its vigorous devotion to the spiritual well-being of our community. Under the direction of Brother Jim Connolly, C.F.X., the program headed pastoral counseling, retreat services, and many other activities while constantly reaching out to become familiar with the students. In addition, Campus Ministry sponsored such informative programs as "Junior Year Stress" and "Tasks of Adolescence." We are proud to have the dedicated Br. Jim as a member of the staff, and wish his ministry good luck for the future.

a midsummer night's dream

▲ "Lights!" — Our resident light crew: Shad Tessier, Jon Polardis, Pat Bergin, and Dennis Finnerty.

The Saint John's Drama Club has once again done the impossible! This time a Shakesperian comedy: **A Midsummer Night's Dream.** The play is set in Athenian Greece with the exploits of four star-crossed lovers as the central plot. Lysander (Jay Laporte '91) and Hermia are in love with each other and wish to be married, but Hermia's father Egeus (Jason Hinkle '90) wants her to marry Demetrius (Rob O'Neil '91) who is enamored by, but not in love with, Helena. Meanwhile, in the forest, the King of Shadows, Oberon (Matt Homan '92), sends his mischievous messenger Puck (Mark Kontulis '91) to apply love juice to Demetrius so that he will love Helena. Puck fouls up, and all four people love the wrong person. Puck finally straightens out the mess he made, and their weddings take place. The play ends on a funny note with the story of Pyramus and Thisby performed by a rude group of Athenian workers for the wedding reception.

Senior Mark Smith made his debut as a director with this production, and he has every reason to be very pleased. The set was designed by Peter Morelewicz, and complemented the contemporary mood of the play very well.

In March, A Midsummer Night's Dream was entered into the Massachusetts State Drama Competition. Though we were defeated at the preliminary level, our actors came home with nine acting awards.

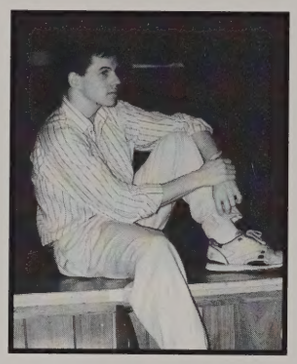
the foreigner

In February, the SJ Drama club returned once again to the Hebert Auditorium at Quinsigimond College for our funniest play to date, Larry Shue's **The Foreigner**. This story of Southern racism starred Steve Davis as Klansman Owen Musser, John Dyer as the misguided Rev. David, Jay LaPorte as the "exotic" foreigner living in the hill-billy household of Betty (Tara Reddy), along with Catherine (Chris Baron) and Ellerd Simms (Pierre Gendron). The play, re-



ceived enthusiastically by audiences both nights, was performed in a rustic Georgia fishing lodge created on many Saturday mornings in the Manor House basement by stage crew members Pete Morelewitcz, Matt Kojalo, Brian Anderson, Mike Starr, Pete Costaldi, Chris Glue, Mark Kontulis, Mr. Dolan, and Jason Hinkle. paper faces on parade

A most unbelievable transformation occurs during the final weeks in April when the St. John's gym, the center of all school activity, becomes a veritable musical and theatrical stronghold. In an amazingly brief span of time a set is designed, built, and erected, lighting and sound are programmed and adjusted, music and dance routines are rehearsed, and tickets are sold for what has to be the most wide-scale event in a given year: the annual "Spring Spectacular".

This year's theme, **Masquerade,** recreated the world of illusion known as theater. The enthusiastic crowds who packed the bleachers on April 27, 28, and 29 were whisked away to the 1950's and post-revolutionary France, a Depression-era ocean liner and a dilapidated Paris opera house through the efforts of dozens of chorus members, dancers, and stage crew personnel.

all that jazz

It was a great year for the St. John's Jazz Band. After their popular Christmas concert, the band prepared for competition. In its first outing at Boston College, the band placed a strong fourth. Its next performance was at the Worcester Galleria, as part of the Jazz Worcester Week. Later it was on to competitions at the Berklee College of Music, the Massachusetts Central District Competitions, and U.N.H. The band played its best at their April concert and ended the year with their three performances at the annual spring show. A special to seniors Jason McCarthy, Chris Gianetti and Matt Savelloni their contributions to the band have been invaluable.

those who sing pray twice

This year, the St. John's Liturgical Choir has increased its presence in the school. Through the efforts of Mr. Stephen Gregory, Mr. Barry Siciliano, and Mr. Al Vaudreuil, rehearsals became more regular, resulting in a growth in both range and quality of the music. The year began early in September with the Family Mass of the Holy Spirit. November included both the All Saint's Day Liturgy and the annual Mass of Thanksgiving. December was the busiest month of the year. The choir provided music at the Sesquicentennial Mass on Temple Street, the Mass of the Immaculate Conception, and the Christmas Liturgy, and also performed with the Jazz Ensemble at the Christmas Concert. In the Spring, the Choir sang at the S.A.C. inaugural prayer service, the Senior Family Mass, and the Ascension Thursday service. The SJ Choir wishes to thank all faculty members and students involved with the Choir for making this year one of the best to date.

sj celebrates sesquicentennial

On December 9, 1990, to commemorate the 150th Anniversary of the Brothers of Saint Frances Xavier in Bruges, Belgium, in 1839, a liturgy of Thanksgiving was celebrated in St. John's Church in downtown Worcester. St. John's was the original parish to which the Brothers came in 1894 to staff the parish school.

Principal presiders of the liturgy on this festive occasion were the Most Reverend Timothy Harrington, D.D., Bishop of Worcester; Most Reverend Bernard Flanagan, D.D., former Bishop of Worcester; and Most Reverend George Rueger, D.D., Auxiliary Bishop of Worcester. Assistants included Reverend Michael Foley, Pastor of St. John's Church and Reverend Edward Niccolls, school chaplain and graduate of the Class of '66.

Following the liturgical program, a reception and buffet dinner was held at the Worcester Memorial Auditorium. Brother J. Conal Owens, headmaster of St. John's, offered the greetings from the St. John's Brothers' Community.

Representing the Diocese of Worcester, Bishop Harrington extolled the great worth of the Brothers from the early years of St. John's School down to the present. Brother James Boyle, Superior General, addressed the gathering, citing the vision and sterling qualities of Theodore James Ryken, later Brother Francis Xavier, the founder of the Brothers of Saint Francis Xavier.

character, scholarship, leadership, service . . .

The Honor Society engaged in many activities during the school year. In September twenty-five members took part in the Second Annual Youth Bowling Tournament for Worcester's Housing Now. The St. John's teams captured the top three trophies. The proceeds from this event went to aid the Worcester area homeless.

Despite foul weather in February, several members assisted the American Heart Association in their annual phonathon to raise money to fight heart disease.

The NHS and the French Club co-sponsored a trip to Boston's Museum of Fine Arts in February for the exposition "Monet in the '90's".

The highlight of the Chapter's year came on Sunday, April 1 with the 13th Annual Banquet. That evening sixty-eight new members were inducted and welcomed into the Society. Individual members were also recognized for their academic achievements including two National Merit Scholarship finalists, Silvio Menzano and Paul Murphy, and twenty-one National Merit Letters of Commendation recipients.

In May, St. John's co-sponsored the spring National Honor Society conference, held at Anna Maria College in Paxton. Workshops included the college admissions process, career exploration and National Honor Society activities.

Throughout the school year, members of the Honor Society carried out their motto of leadership and service through tutoring, orientation activities, and support for the fall Auction and the spring Show.

The ninth annual Mothers' Guild Auction to benefit St. John's was held on November 4. With a theme of **The Wizard of Oz,** the hallways were transformed into the yellow brick road, bedecked with flowers, trees and flying monkeys. The gym became the Emerald City, inhabited by many strange creatures that curiously resembled many of the faculty and student body.

The Auction included both silent and oral auctions, raffles, and a roast beef dinner. Auctioneer and St. John's graduate Paul Zekos sent patrons away with such wonderful items as gift certificates, food baskets, crafts, furnishings and leisure articles. The St. John's Model United Nations continued to strengthen its growing reputation as an East Coast powerhouse with an extremely successful year. To oversee the increasing number of activities, the bureaucracy was again expanded with the creation of the SJIRC (St. John's International Relations Committee) headed by Robert Henry. The lively weekly meetings, run by Mark Daly and Paul Murphy, that were held in the Manor House tackled such topics as Drugs, the Horn of Africa conflict, and Chemical Weapons.

SJMUN's showings at the national conferences were truly extraordinary with head delegate Chris Petropoulos. Six awards were taken at the prestigious Harvard Conference (representing Brazil), several more at Georgetown (Malaysia), and a near-sweep occurred at Chicago (the United Kingdom). Winners included seniors John Dyer, Eric Olmstead and Steve Mahoney. Congratulations! In addition, St. John's attended a regional conference at Bridgewater-Raynham HS, and hosted one of its own under Tom Clark and Colin Novick.

Kent Puckett helped to organize a panel discussion program that met three times, on such topics as the Unification of Germany and the Collapse of Communism. To close out the year, the first UN banquet was held in the Manor House. Notre Dame and Northboro high schools also attended to hear Yang Yi speak of the Tiananmen Square massacre. Throughout, moderators Mr. Novick, Mr. Laborde and Mr. McMaster devoted a great deal of their time and effort to help everything run smoothly.

ninetysomething

This year, the 1990 Yearbook Staff wished to create a yearbook for a new generation. With ninetysomething, we decided to break from at least some of the standard traditions, and to publish an exciting yearbook that would be truly memorable.

This is the first year in which the whole book was designed, put together, and finalized by the student staff. Much credit can be given to the editors, seniors Mike Starr, Silvio Menzano, and Jason Hinkle. Also, to assist them were twenty or more students on the staff, whose hundreds of hours, fine new ideas, and dedication to the yearbook really made the difference.

Looking ahead, the staff has already found new ways to make next year's yearbook better. In the upcoming year, new ideas and techniques, as well as some old ones, will be used to make a better book. Also, the staff will be headed by three new editors, Aaron Prisco, Matt Cranson, and Brian Carmody. A final word of thanks goes to Mr. Patrick Gillis, whose help on this year's book is truly appreciated.

newstime

St. John's School Newspaper, "The Frontier," is a quarterly publication. The Frontier updates the students and their families on the recent events in the St. John's community. The moderators, Mr. William Prendiville and Mr. Ron Mariano, work with the staff of senior editors and underclassmen journalists to produce a top-rate publication.

A typical issue of "The Frontier" contains articles of interest to the students (such as sports, social events, new teachers and clubs), music and movie reviews, political opinion, special school events and school news.

The editor-in-chief, Mark Smith '90, and department editors, Kevin Murray '91, Pete Tiernan '91, Kevin Michelson '91 and Dave Standring '91, all make sure the Frontier is in keeping with the standard of a quality publication year after year. As time goes by, the quality and content of the Frontier increases, and this tradition continues throughout the 1989-90 issues of the paper.

Debate Teams Capture State Championships

The St. John's Varsity Debate Team won the State Championship at the Massachusetts State Championship Debate Tournament held on March 17 at Burlington High School. Senior Matt Celona and Junior Tim Barouch went undefeated against teams from Lexington, Manchester, and Cambridge Ridge and Latin to capture the state title.

St. John's Novice Debate Team won the State Novice title for the second year in a row. Four freshmen, Chris Ziminski, Martin Boudreau, Vu Nguyen, and Brian Prestes, won 7 of their 8 debate rounds to place first in a field of 22 entries. On the novice level, St. John's also won individual speaker trophies. Freshman Brian Prestes was 3rd best speaker while his classmate, Martin Bourdeau, was 8th best speaker in a field of 44 novice debaters. In only the third year of the program's existence, the debate team has captured 3 state titles, a remarkable achievement!

ICONS

Our world today is filled with symbols as it always has been. Subtle reminders and representations of things less tangible. Some of the symbols are open to be interpreted by the conscious mind, like the heart that symbolizes love or the cross that symbolizes the presence of Christ. Others, however, are much more subtle, triggering reactions that reside in the furthest corners of our mind. And in spite of, or perhaps due to the fact that they are so subtle, our reaction to these symbols is often greater and more profound, moving us at a depth of our souls we previously considered uncharted. It is the goal of the writer to mine the depths of the human subconscious to find these subtle reminders and display them before the reader, striking a resonant chord in his soul more powerfully than any simple words on a page ever could.

All this is possible because such symbols do reside in the subconscious. Their usage is common and very effective; in the film "The Exorcist," the sound of bees was played very softly behind the soundtrack, enhancing the horror value of the film by playing off man's deep rooted fear of bees. However, where these symbols came from is a matter of debate. Carl Jung, and those who follow his teachings believe in a pool of Collective Unconsciousness, a group of images somehow intrinsically present in mankind's psyche, carried along genetically from some prediluvian time. Others like myself theory more complex than necessary and while agreeing with the idea of a repository of symbols, believe that each person is programmed by the mass media to recognize and respond to these symbols. The method of programming is so effective because the advertising consultants and script writers who populate our media also share this base of symbols and cannot help but use them and can, in fact, increase their sales greatly. Whatever its origin, this pool of images does exist, and it is up to the writer to use it to sell his legends for the only difference between the writer and the salesman is the nature of his wares.

The writer's job is to bring to life the struggle of the everyday man and elaborate on the actions of this everyman, what makes him a hero or a tragic failure. And to do this, the author, like any good salesman, uses all his tools at his disposal. This includes the symbols whose meanings reside below the surface of the conscious mind. And it is these that allow the author to garner a deep, emotional response to his work. It is the use of these symbols and Icons of the modern world that makes literature what it is. And how fitting it is that the St. John's literary magazine should be called ICON as we, the potential young authors of tomorrow fumble clumsily to recreate on paper the sensations man feels as he goes through life everyday.

that's debatable

The third year of the current debate program ended at the National Catholic Tournament in Chicago, Ill., where senior Matt Celona and junior Tim Barouch reached the final rounds and received double octo-final awards. These national awards, a varsity State Championship, a novice debate State Championship and an Individual Speaker award at the National Invitational Awards in New York were among the highlights of the year. The team attended high school tournaments at Wake Forest University, the University of Massachusetts and Harvard University. High school debate tournaments at Lexington High School and Manchester High School in Massachusetts, the Bronx School of Science in New York, Glenbrook South High School in Chicago, and Hendrick Hudson High School in Montrose, New York, were tournaments in which St. John's did quite well in Varsity, JV, and Novice level.

Matt Celona, the only senior member of the Debate team received the Forensic Award at graduation. Tim Barouch, Chris Fischer, Jeb Adams and Michael Bergan return for their final varsity year of debate. Current Novice State Champions, Martin Boudreau, Brian Prestes, Vu Nguyen and Chris Zieminski will confidently move up to varsity level. Sophomores, Linh Ha, Mel Chacharone, Nirav Patel, Joseph Birbiglia and Daniel Bennett all represented St. John's and will be competing for places on the varsity team next year.

Holy Cross senior, Dan Akowitz, leaves behind an excellent contribution to the team over the past three years. Worcester Tech sophomore, Charles Schletzbaum, continues to make an ever greater contribution as debate assistant to Br. Tom Morrissey, C.F.X., Director of Debate. During the year all debaters nationwide debated the debate resolution:

RESOLVED: That the Federal Government should adopt a nationwide policy to decrease overcrowding in prisons and jails in the United States.

la langue/ la lengua

The French and Spanish clubs this year offered several fun and interesting activities to the school. The first trip was to Boston to see two of Feydeau's absurd plays, "The Bald Soprano" and "The Chairs." In January, a number of students joined the language clubs at Notre Dame Academy in the International Cabaret Dinner Dance. The evening was filled with an Italian dinner, entertainment in French, Spanish and Latin, and dancing. It was a great success! In February, many students went to the MFA to see the great collection of impressionist paintings, "Monet in the Nineties." Due to skyrocketing insurance costs, this was one of the last opportunities for a show of this caliber. Everyone had a good time, and several students even appeared on Channel 5's "Chronicle" program!

On two mornings in March, SJ students took the National Spanish and French Exams. The results were exceptional, with many scores ranking on the regional level. On the national level, St. John's results were: level 1B; Tom Cecil — 5th, Steve Hale — 7th; level 2B; Chris Glew — 6th, Pete Castaldi — 7th; level 3; Jay LaPorte — 5th; level 4; Mike Starr — 7th. Felicitations!

Andrew Lloyd Webber's hit musical, "Les Miserables," returned to Boston for a second run this spring. Once again, St. John's sponsored a trip to see this adaptation of Victor Hugo's classic story of a French Revolution. In June, the last trip to Boston was to see the play, "The Lady of Maxim's."

The French and Spanish clubs wish to thank all foreign language staff for making this year even more enjoyable. Merci and Gracias.

The St. John's Scale Modellers Club kept active this year, meeting Thursdays under the supervision of moderator Mr. Novick. While members worked on their models, some of which were provided by club funds, various documentaries and movies were shown in conjunction with the Aviation Club. In addition, the club had radio-controlled model car racing, sponsored field trips, and had a contest for scale models with categories in Armor, Auto, Aircraft, and Diorama.

This year's Student Activities Council left a standard for other councils to live up to. Led by officers Tim Slavin, President, Jason Statuta, Vice-President, Jim Werme, Treasurer, Paul Newsham, Activities Coordinator, Brian Reidy, Secretary, Brian Hunt, Parliamentarian, and Brian Boyd, Publicity Director, the Council began its year by helping to staff the always successful Mother's Guild Auction. SAC also worked through the Xaverian Brothers' Anniversary Celebration, adding their talent where necessary. SAC sponsored two blood drives this year, both of which easily filled their respective quotas. The Council planned and brought about the annual food drive for the less fortunate, and the delivery of turkey baskets to St. John's on Temple Street during the Thanksgiving holiday reaffirmed the commitment of St. John's students to the traditions of our Worcester roots.

During this last year, working closely with Br. Jim Connolly, Director of Campus Ministry, SAC extended its influence and impact from the school into the community on a regular basis. A more comprehensive Big Brother program was introduced as were various new opportunities for all St. John's students to offer their talents and time to their communities in constructive and beneficial new ways. This year SAC compiled a list of charitable organizations to benefit from drives and fundraising activities that were held throughout the year.

head to head

The St. John's Varsity Football Team had another excellent season. They won the Central Mass. Conference and just missed a second Super Bowl appearance in the same amount of years. The final record was 8-2. The team received great leadership from the Seniors. Seniors Chris Romasaco, Mark Arvanigian, Jeff Fedor, Don Ewick and Vin D'Amato played on both sides of the ball. St. John's also had excellent receivers in the likes of Gerard Miller, John Clifford and James Werme. Junior Brian Hunt proved very successful in getting the ball to his receivers. Captains Mike Foley and Paul Newsham, and linebacker A.J. Reilly were named to the Shriner's All-Star Classic. Another great loss next season will be that of our manager, Jon Strack, who will be graduating. Next year's captains will be Todd Oetting and John Clifford.

blasting past the districts

An early season quote by Coach Foley in the Telegram & Gazette put Central Mass. soccer aficionados on notice; "This team has the most potential of any team I have ever coached." To its credit, the team lived up to such high expectations. Its list of credentials is impressive: a 17-2-2 record, best since 1978; a District E championship; a Central Mass. Conference championship; a record breaking .38 goals against average; and the Soccer Officials Sportsmanship Award for the second year in a row. Individual accomplishments did not go unnoticed either: 7 CMC All-Stars, Brian Boucher, Mike and Steve Roncone, Rich Paglia, Tim Slavin, Justin Morini and Mike Gondek; 2 Telegram & Gazette All-Stars, Brian Boucher and Mike Roncone; and one All-State player, Brian Boucher.

From the start, captains Rich Paglia, Mike Roncone and Dan Gilligan (the Pioneer Award winner) set the example for all to follow. The month of September was a perfect 8-0 highlighted by an exciting come from behind victory (2-1) over B.C. High and an impressive 3-1 performance over traditional rival, Wachusett Regional.

A convincing 5-0 performance against Holy Name in the district semifinals set the stage for a Marlboro rematch. The neutral turf of W.P.I. was much to the Pioneers' liking. Brian Boucher's first half goal held up, as the S.J. booters chalked up their 8th shutout in a row.

Those who made the trip west to Agawam High and the state semifinal clash against undefeated Ludlow High witnessed one of the finer high school soccer games in a long time. Each team took turns capturing the momentum. The referee's whistle proved the Pioneers undoing. A hand ball on a throw-in gave Ludlow a penalty kick and the only score of the game.

whoa!
6 in a row

St. John's Cross Country displayed their dominance around District E by finishing undefeated (15-0) for the season and by winning the District E Championship for the sixth year in a row. The Pioneer runners went beyond the talent of the area by challenging Brockton and Xaverian, two perennial powerhouses, to dual meets. Xaverian, who hadn't lost a dual meet since October of 1983, was crushed by St. John's, 20 to 40. In a dramatic victory in the rain, St. John's upset Brockton, 25-31. The SJ runners, Chris Georgules, Bob Gooltz, Tim Hunt, Dave Mooradian, Sean Cahill, Brian D'Amelio, and Brian Donovan capped off this tremendous season with SJ's highest ever finish in the state meet, 6th.

St. John's looks forward to an even more dominating future as they lose only 3 of their top 15 runners to graduation. Thank you Coach Frew and Coach Laborde; and best wishes to the graduating seniors.

The 1989-1990 basketball season was definitely one of the most rewarding for the Pioneers. After nine games the Pioneers were struggling at 3-6. However, under the leadership of Aaron Forgues, Paul Newsham (Pioneer Award), Steve Purpura and Freshman Phenom Todd Marrone, the team went on to win their next eleven of twelve before losing in the District E semifinals to Fitchburg. The streak was sparked by a double overtime victory over Algonquin. From that point, the SJ squad brought ability and infinite fortitude together and soared the rest of the season, losing only to undefeated Burncoat. Another successful year for the Pioneers.

state finals

Rebounding back from a tough season last year, the 1989-1990 Varsity Hockey team enjoyed one of its finest seasons ever. With depth and character, Coach Murphy had every reason to believe that "We expect to be one of the best teams in the area." The team would live up to all expectations jumping out of the gate to post a 10-0 record until running into a 3-2 setback at the hands of powerful Malden Catholic.

Confidently finishing the regular season with a 17-2-1 record, the players saw no limit to their potential. With a 10-2 destruction of Algonquin in the District Finals, the team headed west to meet a talented Springfield Cathedral team in their home territory. With a strong defense led by Senior Bill Dibuono and goalie John Wise, along with the spectacular play of Senior forward Mike Shustak, the game ended with St. John's victorious by the score of 3-2. Now it was off to the state finals at the Boston Garden to battle eastern champion Arlington Catholic.

Before a crowd of over 3500 fans, St. John's gave it all they had but came up short, losing 3-2. The players and coaches had every reason to be proud of their effort, however, and went home with their heads held high. Few teams ever attain the experience and thrill of playing for the state championship in the Boston Garden. With committed players returning, the St. John's hockey horizon appears limitless.

unbeatable!

St. John's was outstanding this winter in winning their third straight District E Championship. They had a 9-0 record this season and have not lost in twenty-four consecutive dual meets. These Pioneers were also Midland League Invitational Track Meet Champions. Tim Slavin and Chris Georgules were individual District Champs. These two with Bob Gooltz and Carl Dragstedt achieved All State Honors. The 2 mile relay team of Chris Georgules, Tim Hunt, Sean Cahill, and Tim Slavin won the state championship and placed second at the New England championships in that event. The distance medley relay team of Hunt, Dean Di Pilato, Georgules, and Slavin broke the school record in that event. Finally, the relay team of Georgules, Hunt, Brian D'Amelio, and Dave Mooradian won the 2 mile relay at the Boston College Holiday Classic.

This phenomenal season was a tremendous end to Coach Gerry Frew's illustrious career as head coach. Thank you Coach Frew for your 18 years of dedication and excellence.

batmen

With timely hitting and excellent pitching the 1990 baseball team enjoyed tremendous success. Not only did they qualify for the Districts, but with quarterfinal and semifinal victories over Algonquin and Leominster respectively, they advanced to the District Final. Although they fought hard, they would lose in the Finals to eventual State Champion Milford 11-7. The team had every reason to be satisfied with their final record of 17 wins and 5 losses which was highlighted by 7 and 9 game win streaks.

The team was led by senior captain and T&G All-Star Jamie Werme who hit .446 and had 24 RBI's during the regular season. Hitting was definitely not a weak point on this team with senior Mark Venditti along with juniors John Clifford and Brian Hunt, who was the team leader in batting average, all hitting over .400. Rob Walsh and Pat Kett also contributed to the hit parade.

Pitching was also a strength led by T&G All-Star John Jeninski who posted a 6-2 record and struck out 85 batters in only 51 innings of work. Senior Aaron Forgues contributed with a 3-1 record while sophomores Chris Zack (4-0) and Rich Roach (2-1) had outstanding seasons on the mound.

A team cannot succeed with only hitting and pitching. Defense is also a necessity. While some teams fail in this category, St. Johns received an A+. With his aggressiveness and strong arm junior catcher John Clifford prevented opponents from taking any liberties on the base paths. Third baseman Rob Walsh also played well on defense. If a lucky batter happened to hit the ball out of the infield, centerfielder Mark Venditti and rightfielder Jeff Goretti were there to make the sensational play.

Even those players not playing the field contributed as shown by the strong batting of seniors Dan Mara and Chris Laramee along with junior Brian Consigli who all were either designated hitters or pinch hitters. With a well-balanced attack and strong J.V. (16-3) and Freshmen (10-5) records, St. Johns Baseball will continue its success.

class champs

This Spring season, the track team was headed by a new coaching staff, Coach Donahue and his assistant, Coach Masserelli, upon Coach Frew's resignation. They with tri-captains Dan Heinold, Jeff Zack, and Bob Gooltz led this team to a District E Class A Championship. At that meet, SJ had four individual champs. The Pioneers placed second at the District Relays and lost to Fitchburg by three points at the District All Class meet. This team lost only one meet this season, and that was to the Eastern Massachusetts powerhouse, Brockton.

The SJ tracksters overcame great odds this season because of their youth and inexperience. Seniors like Tim Hunt, Tim Slavin, Dan Heinold, Jeff Zack, Dave Mooradian, Bob Gooltz, and Mark Mullins pulled the team through. The underclassmen were impressive this season and look invincible for next season. The relay team of Sean Cahill, Brian D'Amelio, Brian Donovan, and Chris Georgules broke the 2 mile relay record; Carl Dragstedt tied the high hurdles record; Chad Kopp broke the Freshman/Sophomore high jump record; and Brian Donovan broke the Freshman/Sophomore 2 mile record. These young athletes among many more make the future look bright.

another smashing season

The St. John's tennis team had a successful 15-4 season under the direction of new head coach Mr. McMaster. Despite several injuries during the season, the team made it to the District Tournament finals, eventually losing to Westford Academy, 3-2. Senior Captain Matt Celona and Senior Co-captains Kevin Magill and Andy Rixham headed up a talented St. John's squad led by Junior Rob Jachimczyk who made it to the semi-finals in the Individuals District Tournament. Mr. McMaster foresees future success as shown through key players such as Juniors Brian Cunniff, Bob Grenon and Robert Newton, along with Freshmen Ronaldo Garces and Simon Deery.

For the twelfth time in thirteen years the team has won the District title. The team was led by Junior Co-captains Mark Alizzeo and Brian McNeil, along with Senior Keith Gagnon and Sophomore Jeff Magee. Junior Pioneer Award winner Mark Alizzeo and Junior Brian McNeil qualified for the State Individuals and were selected to the Telegram-Gazette All Star team.

Graduates are beginning a new journey

Most reverend Bishop Reuger, Brother J. Conal Owens, headmaster, administrators and faculty, fellow graduates of the class of 1990, parents, friends, and guests...

Tonight, we gather to recognize the class of 1990 and to reflect upon our four years at Saint John's. For each of us, our high school experience has been unique, yet, as we leave, we can draw from a common foundation discovered during the last four years. Undoubtedly, Saint John's has played a key role in our lives and will continue to affect us in the future.

On this special occasion, we share our accomplishments, pride, and hopes with those we love. As we graduate, we realize that we could not have been so successful without you. To parents, we are grateful for the love, patience and guidance that you have shown us throughout our high school careers. You have helped us deal with the formidable task of growing up and have watched our transition from freshman to senior years. You have always been there to care, urge, (perhaps cajole just a little), pat us on the back, and catch us after a fall. Your role in our education until now has been essential and your continued support is certain.

Besides academics, the faculty of Saint John's has taught us that dedi

as role models, you are much more than just science, math, and English instructors.

Perhaps the most difficult problem we face is saying good-bye to our friends from Saint John's. It will seem strange to be at college without the familiar homeroom crowd talking about homework we have to do and homework we didn't have time to do. I'll miss walking down the corridors of Saint John's and saying 'hi' to those I meet. For underclassmen, the term the Saint John's family is nebulous, but as a graduating senior, this phrase takes on new meaning. It suggests the way we lean on each other and help each other when needed. Friendships formed during the last four years are sure to last alifetime.

Today's world is rapidly changing and as walls continue to topple down and new democracies are formed around the globe, America's position as a champion of capitalism, free enterprise, democracy, and freedom will be challenged. With America's uncertain future, our country will need well educated citizens and leaders more than ever. senior mass

On Sunday, May 20, the Senior Class came together liturgically for the last time for the annual Senior Family Day Eucharistic Celebration. Jason Statuta did the reading, while Pete Grondin assisted Father in the homily. Tim Slavin gave the Meditation. The Mass booklet was dedicated to Br. oh what a night!

On Friday evening, April 6th, more than 150 seniors and their dates celebrated one of the traditional rites of passage as they joined together for the Class of 1990's Senior Prom. Carefully planned by senior class officers Pete Grondin, Sean McGrail, and Gerard Miller, and faculty moderators Mr. Paul Jourcin, Mr. Leo Hamelin, Mrs. Carol Fredette, Mr. Michael Lahey, and Mr. William White, the couples enjoyed a roast beef dinner served at the Worcester Marriott and a fun-filled evening of dancing, good times, and sharing the memories of their St. John's experience with classmates and faculty. A long four years was rapidly coming to a close.

▲"Get a little closer, don't be shy . . . " Matt Keilty, Eric Faucher, and their dates share an intimate moment on the dance floor.

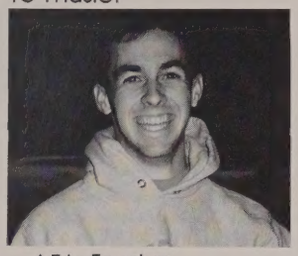
learning to 'let go'

On May 22nd, 210 St. John's students made that symbolic transformation from seniors to alumni. And on May 23rd, about twenty of these new alumni gathered at their new alma mater to embark on a three-day graduate retreat at the Briarwood Conference Center on Cape Cod.

The focus of this retreat was "letting go" of family, friends, and the familiar and "moving on" to the unfamiliar world of dorms, professors, and newfound freedoms and liberties.

The first night was dedicated to "what we have had". The new grads shared symbols of their years at St. John's and watched slides of themselves set to music.



▲Eric Faucher

The next day was devoted to "what is to come". "Elder" graduates Kevin Tyldesley, '88, and Keith Fletcher, Ben Lizotte, and John Morse, all '89, gave talks on college life, highlighting their own experiences regarding "senior summer", preparing to leave, the first week, roommates, money, and so forth.

The final day was left to exploration, reflection, and "play"; it was a perfect ending to a memorable three days.

Sincerest thanks to Br. Jim Connolly, Mrs. Meg Curran, Mr. Paul Jourcin, and Br. Tom Fahey, as well as the returning graduates, for making the time at Briarwood a very special time.

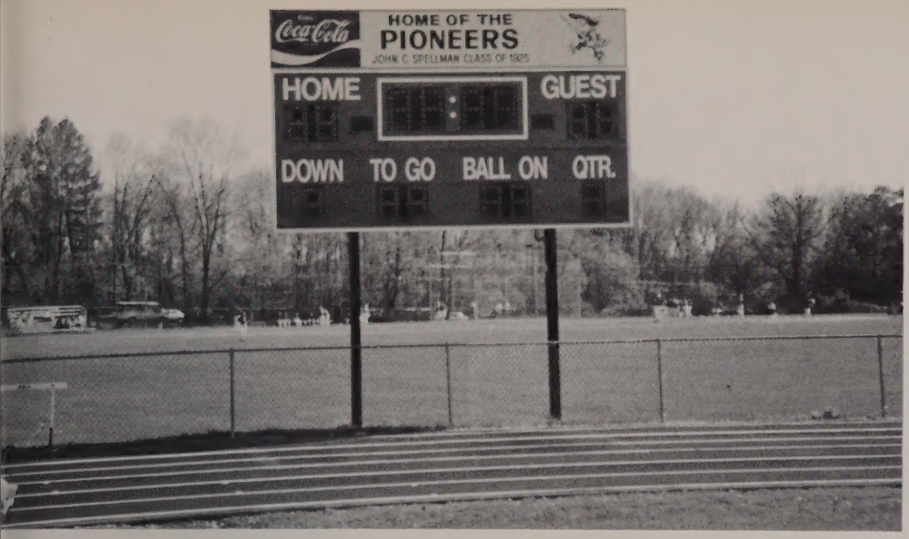
now you see us . . .

first period — algebra test, second period — vocab quiz, third period — oral presentation, fourth period — labs due . . . ';'all cast and crew are asked to report to the gym promptly at 3:30 for dress rehearsal'' . . . monday: malden catholic (away), tuesday: leominster (home), wednesday: st. peter-marian (away) . . . ''that 5-page paper on oedipus rex is due **when? tomorrow?** . . . ''the u.n. security council will meet in the manor house to discuss the current crisis in the middle east'' . . . track meets and masses and class trips and 'off book-act II' and scrimmages and dances and assemblies and the great gatsby and religion debates and buses to hockey games and **"a squared** plus **bx** plus **c**'' and trophies and costumes and deadlines and due dates and homework and rules and on and on and on . . . there has been so much to do and so little time in which to do it . . . so much so that the st. john's hallways, classrooms, and playing fields seem to throb and pulsate with a forceful and incessant lifeblood which both provides energy and life and rapidly pushes all toward that celebrated ''coming of age'' . . .



. . . now you don't!

. . . and yet, when all is said and done, when the finish line is crossed and the last catch is made, when the books are closed and exams are (happily) a memory, when footsteps echo down empty halls and through abandoned classrooms and voices roll forlornly across vacant fields and parking lots, it is then that the truth behind what makes st. john's such a busy and exciting place comes to light . . . st. john's is not simply a conglomeration of brick, glass, asphalt, and turf; it is people — students, teachers, parents, teammates, coaches, friends, and, most of all, **family** . . . it has been the sj people who have made the class of 1990's paradoxically long and oh-so-brief four years, not only busy ones, but very special ones as well . . . and no matter how far away from each other and from st. john's our separate lives may take us, all that we have given, received, picked up, left behind, and shared at that big clearinghouse known as the "saint john's community" will remain with us always, as if at least some of that sj lifeblood had been transfused into our hearts, becoming a part of our own selves, which we, in time, can hopefully pass on to those we will meet . . . it's a tough order, but, then again, we've had the best of teachers: one another . . .
